We need a couple large indoor playgrounds for children to use during the winter (Sep - Apr). It needs to be open from 7am-10pm daily including weekends. The playground should include two areas, one for small children (ages 1-4) and one for older children (ages 5-12).

The MWR program have been especially nice to my family when we recently went to Hawaii. It was a very good trip and a lot of fun. They made the stay very pleasant and cost was resonable.

The MWR programs are critical in these times of frequent deployments. It offers a time for families to decompress. There is a lot of pressure on soldiers now and we must put resources on base to assist families.

Especially in Alaska at Fort Wainwright we must support the families of deployed soldiers. There is not enough family housing for families of 6. There is nothing in area under 250,000. This is a large expense for families. We must do better.

ACS Concerns most services don't apply to me

Overall Comment

Most of the activities on post are geared toward families and/or single enlisted soldiers. Most BOSS trips cater to lower enlisted. Prices will be mentioned for a BOSS event and prices will be quoted for enlisted with no mention of 0-1 or above prices. This made me feel that officers weren't welcome to attend these events.

The bowling alley on post doesn't stay open very long from what I've observed. I gave up on it the first year I was here and have never inquired about their hours since, it may have improved.

The entertainment on post in regards to concerts, plays are not events that recognize other cultures, such as African-American. The few concerts that have been here have been rap concerts for the 21 and under age group. I don't know if most mature artist(singers, actors) don't want to come to Alaska or, they are not invited. I believe one year a gospel singer was in town, but only for one night.

As a single african-american here I found little to nothing to hold my interest other than going to the movies and working out. I don't ski, although I tried it. I'm not interested in fishing, (tried it once) or hunting. I would have loved to have seen some plays that where not primarily of one culture. I love dancing, however, there is no place for a mature crowd to go to hear R&B. I hate country-western. I would love to take trips through MWR.

The Arts and Crafts center is very disorganized. They have the same old programs. The ladies in the framing shop are not very professional. They sit in the frame shop and shoot the breeze with the guys that work in the woodshop. Everytime you go into the woodshop, the personnel that work there are too busy working on their own personal projects.

The Arts and Crafts Center needs new direction and vision. MWR should hire a new director for the Arts and Crafts Center that has a strong background in personnel management. Hopefully the Center can also get an assistant director with a strong background in the arts.

to whom it may concern: whoever makes decisions on what to build at instaletions need to come to Alaska in the middle of the winter so they can see that an indoor running track is MUCH needed at Ft. wainwright, it needs to be at least 1/2 mile long or longer. It is criminal that all this time Ft. Wainwright has been a post and nobody has made it a priority to build an indoor track and field. Thank you...

Commanders need to allow the soldiers to attend the classes that ACS offers as a unit. rather then just having ACS offer the training it should be madatory for the units and done during duty hours. Unit commanders should say hey I want someone from ACS to come give my unit a class on budget management or stress or whatever. I mean if you say hey Sergeant I want to attend budget counseling, then right away it is Why are you having trouble? What is you PROBLEM? and who wants that hassle. So I dont ask to go and the commanders dont ask the people that can help to come present training. So nothing happens. Now you get EO classes all the time wheather you want it or not see it required. I just think these other areas should get the same attention, but they dont.

I think that soldiers in uniform should move to the front of the line for food service at AAFES just like they move to the front of the line in the commissary during lunch. It should be soldiers 1st always.

Ravens Roost: is like a junk yard with no dicipline as to how stuff is arranged. I can't believe that I have to pay to use that facility and half of the time (expecially in the winter) I can't get in to access my stuff because the gate won't open. Also why is the access for the gate so close to the fence? It would be nice to not have to get out of my vehicle everytime I wanted to get in or out of Ravens Roost. Who's responsibility is it to keep the weeds down, and keep the lot looking "neat" not to mention the snow at least knocked down in the road way so someone can get in. It would be real nice to get an email saying the grader was going to go around the roadway of ravens roost a day or two before it made its trip that way if a person wanted to he/she could get the snow off the roofs of their campers and off their lots and in the road way for the grader to be able to scoop up. I would at least expect if I am being forced to pay for and store my equipment in the lot that I have 24 hr access to my stuff as well as some security as to it's safety. If i had a choice I would not use the facility the way it is now.

Movie Theater: Where is it? I tried the dinner and a movie night which is a good idea don't get me wrong. But, some people NEED to learn how to control their young in a public place while others are trying to just enjoy the evening. I don't want to go to a place where every 5 seconds I'm getting interrupted by someones child RUNNING aimlessly through the dinning/movie room. My evening was NOT enjoyable I won't do it again.

I would like to see a track for running and more football fields. With a track you can have summer track meets and promote more running for youth. Also a roller rink for the youth to go roller skating. Alot of the incoming troops and family members are from area that have roller skating instead of ice skating. Also a think MWR should step up a summer camp for the youth for adventures in the area.

I do not understand why Melaven Gym's steam room has been out of service for as long as I can remember. I have been stationed here for 6 years and find this absurd. With all the money that The PFC has saved by only offering 1 towel per day(which is rediculous), one would think that they could find the money to fix the steam room. How much money has been saved by this cut back? Just curious. If you can find this out, please feel free to contact me, SFC David King 907 353-1178. Thanks

The information flow is limited. I also feel that Chain of Command needs to support items offered by MWR. There needs to be a ITT office so trips(in and out of Alaska)can be booked. If this were to happen you would probably have more unit trips with more soldiers getting involved. Glass Park needs to have a "beach front" so fishing is more accessible. A movie theatre on post would be really nice for family time without paying a fortune.

I think the pool hours are horrible. The pool is here for the military families, to be closed on sundays is the dumbest thing I have ever seen. As sundays are slow for most families, especially during the winter months. MWR is here for the military and not the convenience of their own schedule. In the future if the pool was to open on sundays, there should be some effort to inform the military of this to encourage use. I have even heard of military families that did not know the pool existed.

MWR does a fantastic job offering events and activities for Soldiers and family members. It's just so sad that the individuals that all these programs are created for, intended for, and lots of money spent on never use them. They continue to stay in barracks/homes and complain/drink and just be bored. They never come out to an event unless you give them free food and give aways/prizes.

MWR should offer a shuttle transportation service on post. Not everybody has transportation, especially in the winter. The bus system off post doesn't even run past seven pm in the evening. It would be a great help to incoming soldiers and family members who aren't familiar with the post. Alaska's winter can be deadly to those that don't have transportation and still have to go to work.

Personel at the auto shop need an "attitude chamber" visit.
 Military recreation areas off-post need enlargement, our summer season is very short and most areas are full when we are able to take advantage of same.
 I am handicapped and some facilities are not wheel chair accessible (Service Station, AAFES Sports Store, Oasis Club (parking in winter.)
 AAFES Main Store is outstanding in accessibility and even makes a special effort to keep snow cleared from parking lot to store entrance and personnel to assist if requested.

THE OLD GYM HAS WORK ORDERS FROM THE 80's , The new gym is under construction once agan, WHY? When will they work on the old which is even closer to the troops but is falling apart! The new one will be closed untill October? It did not NEED ANY WORK IN THE FIRST PLACE! So now every body has to crowed in to the old one, WHY? then theres the fact about the active duty dependents work out time they have the run of the place during prim work out time. I'm feeling like Retired troop like my self have no say. I can't waite till you all get here at this point in your life.....

I am sure that most of the programs mentioned in this survey are very postive for the active duty and their families. So with that said I hope that nothing is taken away from them.. Although I do not nor does my family use most of the facilities on post that does not mean that it is not important, it is to soldiers coming here and their families.

In relation to the two (2) gyms (physical fitness centers) we have on post. They are nice buildings, but both of them STINK. They need to put windows in the top of the walls and turn the fans on to circulate some CLEAN air. Both facilities, have fans, etc...but both facilities stink, there is no fresh air.

I have received two surveys/// 362053 -and- 363711 - i am only going to do this survey NOT both of them.

I'm unsure as to whether or not MWR could help in current issues with housing. Here at Fort Wainwright, there are many soldiers deploying during the upcoming months and here where we live (Bldgs. 4156, 4157, and 4158), many are concerned for their families safety while deployed. To me this is clearly a MORALE issue on behalf of the soldiers and WELFARE on behalf of the families left behind.

There are plenty of changes currently taking place in the housing areas, other than ours. We have been scheduled for tear down, twice only to have another set of housing units take our spot. New units were built for us, only to be given to other residents. We are the oldest units on the post and we are experienceing pipes leaking (sewage) as well as electrical problems (sparking sockets causing fires, lights continually blowing). There are also week floors, heating issues, and water temperature issues. A couple of residents have even been told by maintenance that they cannot believe we are still living in such dangerous conditions.

If you could be so kind as to look into the matter, it would go a long way in easing the minds and concerns of our men when deployed. This is a time when they should concern themselves only with staying safe and NOT with whether or not their families are safe.

Thank You.

I hear about most MWR activities via e-mail, which is my preferred method.

I would most like to see added to post MWR activities:

- fitness activities that include children or provide on-site childcare
- prenatal fitness activities/exercise classes
- family events, hikes, walks
- sporting events & classes that involve young children (hiking, cross country skiing, tubing...)
- infant activities (infant massage, parent-tot swim, baby boot camp...)
- childcare provided for post chapel activities (Sunday chapel services, PWOC meetings, ladies' fellowship days...)

The cost of allot of activities is WAY out of our budget for our family of five. My husband is currently deployed to Iraq.

The campgrounds would benefit having a running water toliet in another location. I would love to take my girl scouts camping here, however, the toliet facilities are across the street from the camp grounds. This is too far away for me to allow my girls go to without adult supervision.

We live in on-post housing which is located off post, so access to programs and facilities is limited. As well as recieving Bear Necessities. It would be nice for that flyer to be included (on publication) in our weekly newspaper that is delievered to our housing area, Walden Estates.

While I don't use the library often here at Ft. Wainwright I have frequently used the post library at other posts I have been too. I would hate to see any bad things happen to the library program because I don't use it at this time. Also I would likely have my children participate in youth activities if I didn't have to be registered with the CDC to use them. If I go off post to put my children in classes, clubs, sports etc. I don't have to pay a registration fee in addition to the monthly fees. I will never put my children in daycare and for that reason I refuse to participate in the post youth programs.

I think alot of the programs and classes would be more used if they were advertised more often. For instance most posts advertise their mwr programs often in the post newspaper. Ft. Wainwright shares its newspaper with Ft. Richardson. I believe each post should have their own newspaper. If programs were mention in the post newspaper frequently more people would know about them. The bear necessities only come out once every other month...if i get a bear necessities and something looks interesting but isn't happening for two months from now I'm likely to forget it's happening when the time comes closer to it. However if it were mentioned in the paper several times like at most posts I would be more likely to remember about it and participate.

There have been activities and such happening on post that I didn't even know about until after the fact and a friend told me they had been there or what not.

Since winter time is very hard here at Ft. Wainwright there should be MANY more activities offered for the adults and the children. Craft classes such as scrapbooking, crocheting, sewing would be wonderful.....

I have many suggestions ranging from Food Services, to Family Post housing services...

Fort Wainwright is seriously lacking in restaurants commonly found in the lower 48 (ie- Long John Silvers, Popeyes, Chik-fil-a, Red Lobster, Cinnabuns, etc..)

Also, the commissary up here often has half rotten vegetables that they offer instead of fresh greens that our bodies need up here in the long cold winter months.

Placing a fresh vegetable growing greenhouse on post post will help combat this and will lower costs for the government by using the facility to allow garden growers

and garden club members a place to work in the winter and keep their hobby alive while producing fresh healthy plants and veggies to the commissary instead of importing

from the lower 48 thus reducing the high rate of half rotten or no supply of vegetables at the commissary.

Also, housing up here is very inadequate. Neighbors are constantly bickering with each other because the walls are so VERY thin and you have people who like to

play music at all hours. Having a more involved Housing Management system up here who actually cared would help with these matters and offering mediation services for

situations where neighbors can't get along because of noise and disturbances, it would help to have a mediator other than depending on the area coordintaors

who are 90% uninvolved or too busy to care and in some areas non-existent. It would also be nice to see housing take a more stricter approach be clearly defining

unacceptable noise in the welcome packets to new families (such as beating on the walls at all hours, kids bouncing ball and toys off walls, loud stereos at any hour,

parking rules, not taking your neighbors all the time or having guests who do, etc....)

These are common problems here and I sure at any post where housing is too close and walls are too thin. Having a management system set up to deal with issues

among neighbors as well as a very clear unmistakable set of rules instead of a handbook that is not defined as vague. Also informing tenants of what is considered clear

violations of the rules and what can happen to them if they continue to abuse the "privilege" of living in housing on post and disregard of the rules or respect of surrounding

neighbors and their right to peace and quiet. Fort Wainwright, is extremely uncaring and uninvolved in these matters and concerns. As a result many here suffer at the hands

of people who like to annoy their neighbors and neighborhood, resulting in a lot of tired Soldiers losing sleep, tired mothers, and families.

ACS Concerns some of the staff degrades the soldiers and family members in front of other workers

Overall Comment

I have been at many Army and Airforce installations throughout my husband's 20 year career and I have to say, Fort Wainwright is the worst. The majority of the staff that work for MWR - more specifically upper level staff at ACS have a negative opinion about the families that we service. I work there and am constantly appalled at how some of the managers treat the families that come through our doors. The leadership in this organization is awful. Events that require months of planning are thrown together at the last minute and then they get mad because no one from the community attends the functions.

There is low morale. The families that do walk through the doors walk out feeling dirty for coming to ask for help. This feeling is spread to other family members; thereby causing people and agencies to not want to work with us.

The Chief of MWR does not care about the employees in the MWR section. All he cares about is how good he looks to the garrison commander. He does not allow staff to speak with key people of authority for planning events and programs - if he finds out a person went above his head to meet with a COL about a brigade function, he yells and screams and threatens you. This is totally unacceptable and needs to be investigated.

Alot of the upper level management needs to be looked at and quite possibly terminated. There are so many unhappy workers in such a critical area of the Army's quality of life that it is a shame that it is not utilized to its fullest advantage.

More events for kids, cost effective. Also better opportunities for our soldiers that are single. Many of them don't have cars, making it difficult for them to get around without a buddy to drive them. Also, we need sporting events for kids to compete with other schools. Track team would be great !!!! There is nothing like that offered here, and when our kids PCS to a post that does...we are left in the dust with no prior experience. More swimming classes need offered and at night since parents need to accompany the child.

I think that the more services offered, the better. In particular, family activities. I think that the arts and craft center doesn't offer enough, and it's difficult to find out what it offers and when. I'm very impressed with the SKIES Unlimited programs for the children, and hope it continues to expand and offer more. I think that ticket and travel could offer more-they don't appear to go out of their way to get deals for soldiers and their families. Since the summer in Alaska is so short, summer should be utilized more...concerts, family activities, etc.

This post could very much benefit from the Armed Services YMCA. There needs to be more for people to do indoors, recreation wise, during the long, cold, dark winter. An indoor heated pool would be wonderful. We could use more restaurants, too. There don't appear to be any sources for homeschooling parents on post-there is an indoor play area for the young kids up to age 5, but my six year old is stuck with no where to go play.

Wow, I could go on and on. A movie theater would go over well here. Movies off post are expensive, and the cook your own steak and a movie thing doesn't work so well with young kids, in a loud, rowdy restaurant.

I also feel like the post could work more with the nearby town, utilizing museums, activities, etc.

I think that MWR does a great job. The people who work at the various places on post are friendly and helpful. I think that as a spouse I use it mostly for my kids. We use the skiing/tubing hill, and the sports activities at the CYS. We did indoor and outdoor soccer, both on post and off, only as a diversion from the day to day things that are going on. We did use MWR more while my spouse was deployed, but we normally use it just for the sports. WE did go to the movies at least once a week and do the Thursday night steak and movie at Arctic Oasis. This was awesome, the movies were offered free and that was a bonus. I would like to see a theater if this program stops. Eielson has a theater but it is too far to drive on a cold night in the winter. YOu just don't want to drive that far from home so you end up going to the off pst theater.

Thanks for all that you do for us. The military families do appreciate the MWR and all of the facilities that house some small part of that.

ACS Concerns Many events being offierd through ACS are offered during working hours, and many spouse can not participate

Overall Comment

I think MWR is a very important part of military life. There are times that families are isolated at small installations, and don't have access to enteratainment outlets that they are accustomed to. These activities that are offered by MWR are sometimes that keep a families spirits up; especially during deployments. It would affect my families life greatly if we did not have these programs; if anything we should be adding to the program, not considering taking away from it.

You need to have more programs with skies unlimited for kids that are at the ages of nine years old and up.
That why a lot of people uses off post services cause no one on post has any thing for there child's age groups. Me i have been on this post for almost three years and i use alot of places off post. i have never uses skies unlimited for my kids. there needs to be more things for kids to do.
Thank You

I have had children at the CDC for 8 years, continuous. The quality of care providers has varied wildly - from the best I have ever experienced (I nominted the individual for an award that she won downtown) to so bad that I would remove my baby except I am PCSing this summer. The CDC has ignored requests made several years in a row to serve non-red meat meals during Lenten season Fridays - they refuse. Instead my children have been singled out by having a separate meal on those days. Additionally, though they say that the children are fed according to guidelines - cinnamon rolls do not constitute breakfast in my mind !
From a facilities standpoint, the parking situation at the CDC is inadequate.

I hear about MWR events through our unit newsletter and that seems to work best for me.

I would like to see an indoor playground built before 2011 for the families to utilize with little children. It is too dark and too cold for too long and there is no place for the young children to play and for parents to get a break.

I would like to see some renovations done to the pool at Melvin gym. The locker rooms are outdated and dirty. We need a shallow area for easy access for little ones. Maybe an addition for people to go and lay down or sit~ no chairs or tables at the pool.

At the PFC I would like to see a spinning class and yoga classes for parents. Better ventilation or cooler air blown in during the summer months.

I would also like to see a permanent shuttle system for post for teen-agers and parents who cannot drive or do not like to drive during the long cold winter months so they can get to the commissary, PX, clinic, hospital, CDC, and the gym.

This post needs a more proactive ACS. The people running ACS have been doing the same job for a very long time and are not excited about helping the families prepare for deployment. They do not ask to get in with command and get command excited about ACS and what it offers.

I also think AER should not be with ACS. It is not a very private area for soldiers that need help. They have to go pass too many green suitors and ask directions to get to AER and that detracts soldiers in need from utilizing this service. I think it should be located with Red Cross.

Thank you for your time and for caring for the military family

Sometimes I don't know about the events until after the fact. I would like to use my resources more, I know they are out there, I just don't have the access to it like I would like to have. We only have one vehicle right now and it makes it difficult for me to do the things i want to do. I know I can use hourly care, but sometimes it is last minute and they may not have a spot.

I would like to do and try alot more on this post. I am hoping when all this snow dissapates, My family and I can go and enjoy more.

I know you have great programs and I don't want to see them go. I know you need more participation too. Hopefully ther will be more getting involved.

Thanks for all you do.

More people oriented activities. Maybe nightly bingo with babysitting for attendants to encourage Moms to get out and attend. Games of chance like Chinese Auctions, Tricky Trays, Penny Socials which allow family participation.

I receive regular emails regarding MWR activities. I think that is a wonderful way to get information out about MWR activities.
